Jenny Herman, DDS

Description and objectives

- New classification system released by AAP
- Clinical perio covering recession
- Peri-Implantitis

About Your Speakers

Glenn M. Kidder, DDS

Dr. Kidder is one of only about 250 Facial Pain Specialists in the US. For the last 30 years he has limited his practice in Baton Rouge to the treatment of TMJ disorders and occlusal discrepancies. He is an Assistant Clinical Professor at LSU School of Dentistry in the Department of Prosthodontics. He has also served on the faculty of the LD Pankey Institute in Key Biscayne, FL for the last 30 years.

Jenny Herman, DDS

Dr. Herman grew up in West Monroe, LA. She attended West Monroe High School, then earned a Bachelor's in Biochemistry with a Minor in Chemistry from Louisiana State University. While studying there, she received the Chancellor's Future Leaders on Research Scholarship, Centennial Scholarship, and was named L.S.U. Alumni Association Top 100 Scholars. Dr. Herman received her Doctor of Dental Surgery degree from L.S.U. School of Dentistry in 2016. She went on to complete her residency in Periodontics there in 2019, where she served as the Chief Resident. Dr. Herman enjoys cooking, fishing and is a life-long Saints fan.
